Government Polytechnic Jamnagar [📍](#)
08/2018 – 05/2021 | Jamnagar, India

S.S.C, *Shree Odhavdip School* [📍](#)
Jamnagar, India

Projects

Trip Planner, *I created this project at diploma level with my team.*

- The project “trip planner” is developed to replace the current existing system, which helps in keeping records of the user, details of destination as well as payment received. It saves the precious asset that is time, and also accuracy, reliability and uniformity can be maintained. This project is useful for the user as it helps them to search the data faster than existing system, to get user’s records easily and report of the user payment, etc are generated as per requirement.
